Challenge

1. Memorize this week's scripture: 1 Corinthians 13:4-7
2. Choose a love action from the passage. Challenge yourself!
3. Think of a person you could love better. Pray for opportunities to love them!

Bible Study: LOVE

1 Corinthians 13:4-7 This is what love practically looks like. God is love. God asks us to love others. God loves us unconditionally and we are to love God as our response. With this scripture we have it straight forward of what it means to love. There's nothing to figure out on our own, nothing we have to question, and we can't say "I didn't love because I don't know how or what that means". All bases are covered. On the other hand, love is so important that we are given specific and the best ways to love! God makes it easy...it's all right there in the Word!

Now it's up to us.

Choose one thing, a love action, in this passage to work on. Challenge yourself. Put it up somewhere so that you can remember.

Your object is to be aware of opportunities that you can use your love action. Then, choose to love!

Pray for opportunities. And pray for strength to choose wisely when those opportunities arise. That is how we grow...not solely through failure and success...but by learning along the way and accepting God's grace when we get another opportunity to apply what we learned.

At Youth Group we played games to help us remember how we are to love.
